Commitment to Excellence

Our mission is to build lasting relationships with our clients through our dedication to superior quality and competitive pricing.

Company Overview

LECGI is an engineering firm providing engineering and detailing services to multiple clients since 2004. We have many years of experience in various types of projects and go above and beyond to fulfill the needs and expectations of our clients. We not only provide top quality services, but also develop and sustain friendships with our customers.

Technologically advanced

We have the capability to provide BIM models. Our 3D modeling software, Tekla Structures, improves the design process and enables us to reduce design errors. We use STAAD PRO structural analysis software to analyze complicated structures. Our resources and experience enable us to design projects more efficiently.

Design/Build

We have a joint venture with Intersteel Inc. to provide Prime Contracting services in addition to structural engineering. Through this partnership we have been able to complete design/build projects for the government. We also team up with a local LEED certified architectural firm so that we can completely do all aspects of a design/build project.

APPLICABLE NAICS CODES

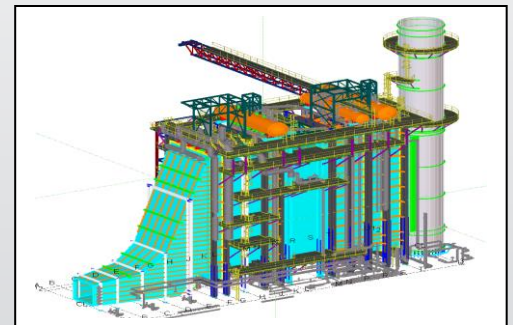

CODE	DESCRIPTION
541310	Architectural Services
541330	Engineering Services
236210	Industrial Building Construction
236220	Commercial & Institutional Building Construction
237110	Water and Sewer Line and Related Structures Construction

Capabilities

Design

- Architectural
 - Design for healthcare, education, commercial offices, religious buildings
 - Concept development and design
 - Energy conservation (LEED certified)
 - Project documentation
- Structural
 - Steel, concrete, masonry, timber design
 - Seismic design
 - Structural engineering research and development
 - Structural Repair
 - Building renovations
 - Over 20 years' experience
 - Licensed professional engineers in the states of California, Florida, Indiana, Kentucky, Louisiana, Maryland, Missouri, Nebraska, Ohio, Oklahoma, Texas, and Vermont.
 - Licensed structural engineers in the states of Illinois, Kentucky, Nevada, and Utah.

Construction

- General contracting services
- Site demolition and reconstruction
- Heavy Civil Construction
- Construction Management

Design / Build

- Project Management
- Cost control/optimization
- Fast paced work schedule

DUNS #: 609126920

CAGE #: 56EX2

Certificates:

- 8(a) Certified by the Small Business Administration (SBA)
- Certified by the Disadvantaged Business Enterprise Program (DBE) by Kentucky Transportation Cabinet

COMPANY/PROJECT	DESCRIPTION
Government Blue Grass Army Depot Minor Construction Projects (2016) Richmond, KY	<ul style="list-style-type: none"> • Minor construction projects for Blue Grass Chemical Activity • Contract No. W52P1J-16-D-3007 IDIQ • Maximum contract amount is \$4.0 million
Government Blue Grass Army Depot Auxiliary Fire Station (2015) Richmond, KY	<ul style="list-style-type: none"> • Design-build project for conversion of existing warehouse into a satellite fire station • Contract No. W912-DY-16-C-003
Government Blue Grass Army Depot Building 562 Renovation (2015) Richmond, KY	<ul style="list-style-type: none"> • Design-build project to repair and recapitalize existing Building 562 • Contract No. W52PaJ-15-C-3012
Government Blue Grass Army Depot Minor Construction Projects (2014) Richmond, KY	<ul style="list-style-type: none"> • Minor construction projects for Blue Grass Chemical Activity • Contract No. W52P1J-14-D-3040 IDIQ, and W52P1J-14-D-3055 IDIQ • Maximum contract amount is \$4.0 million each
Government Blue Grass Army Depot PWS Main Gate Entrance (2014) Richmond, KY	<ul style="list-style-type: none"> • Contract No. W52P1J-14-C-3051 • Contract Amount: \$3.7 million
Government Army Corps of Engineers Personal Support Facility (2014) Richmond, KY	<ul style="list-style-type: none"> • Design-build project for Blue Grass Chemical Activity at Blue Grass Army Depot • Contract No. W912QR-14-C-002 • Contract Amount: \$2.5 million
Government Blue Grass Army Depot Minor Construction Projects (2012) Richmond, KY	<ul style="list-style-type: none"> • Minor construction projects for the Blue Grass Chemical Activity • Contract No. W52P1J-11-D-3008 for the year 2012 • Minimum contract amount = \$25,000 Maximum contract amount = \$4,000,000
Vogt Power International South Mississippi Electric Power Association	<ul style="list-style-type: none"> • Performed engineering design for bypass stack for HRSG and supporting structures based on 2006 IBC • Designed platforms to attach to bypass stack and structures • Provided structural design of duct support attached to damper • Provided foundation loads, AutoCAD drawings for all designs, and BIM model for interference check
G.F. Munich Welding Co. Duke Energy Stair Tower	<ul style="list-style-type: none"> • Provided structural design for stair tower, approximately 98' tall • Provided structural steel shop drawings for the tower and stairs
Progress Rail KCSR Signal Bridge Sunrail Signal Bridges	<ul style="list-style-type: none"> • Provided structural analysis for aluminum structures, including railway traffic signal cantilevers, signal bridges, pedestrian gate • Provided structural calculations based on AASHTO standards • Provided fatigue design for aluminum structures
Hot Mix Asphalt Carey, California	<ul style="list-style-type: none"> • Provided structural design for baghouse, knockout box, rotary mixer, and conveyor system support • Provided structural analysis with wind and seismic load design • Provided foundation loads
